## QUALITY MATTERS

Bread. The way it ought to be.

Our old-fashioned bakery specializes in scratch-made breads, goodies, and fresh-made sandwiches using simple ingredients. We still believe in purchasing wheat from family-owned farms in Montana and fresh-milling our 100% whole-wheat flour.

## A MESSAGE FROM PRINCIPAL GOLDEN

Welcome Panther Football Fans:

On behalf of the Piedra Vista administration and football coaching staff, thank you for supporting today's Panther Football game. As with all athletic competitions "Compete With Class" is an expectation when athletes play for PV. This expectation also holds true for coaches, students, parents and our teachers. At the end of a contest, we all hope to walk away having WON the competition. However, the long-term win with not only today's outcome, but with each contest, is the valuable life lessons they are learning through commitment and teamwork. Their dedication, commitment and participation in interscholastic athletics and activities develops leadership qualities that help to prepare these young men for their future.

With that said, enjoy the football game! We ask that you be mindful the representation of this athletic competition is one small group of the many outstanding students attending and representing Piedra Vista High School.

Respectfully,

Dave Golden  
Principal

## **PANTHER PRIDE!**

Dear Panther Fans,

Welcome to today's game!

"Competing with Class" is an expectation at Piedra Vista for our coaches, students, faculty, and fans. We expect and encourage each person's compliance and support of our mission.

Our athletes have had a great off-season. They have been working hard and are prepared to represent the community with dignity and pride. Each Panther is ready to give their personal best on the field, on the court, as well as in the classroom. Each and every one of these athletes will know at the end of today's contest that they have given their best effort to accomplish all the goals and expectations they have set for themselves, as well as those set and maintained by their team.

We have outstanding programs at Piedra Vista High school, and we are fortunate to have excellent coaches and support from the community. Inspired and taught by their coaches, our athletes work hard year-round to ensure the collective success of their teams.

PVHS is proud of our athletes, coaches, and,  
programs!

**Go Panthers!**

## GO PANTHERS. LIVE BLUE!!

Dear Panther Fans,

Welcome to another season of Piedra Vista football and today's game. This is an exciting time for those of us who love Piedra Vista! A winning team, dedicated student-athletes and coaches, and a passionate fan base has produced exciting times for the navy, silver, and black.

It is an honor and privilege to represent Piedra Vista. Working in an environment where I get to see the incredible amount of hours and sacrifice put into athletics come to fruition on a playing field is very rewarding. Football can be a humbling game of inches and seconds and our players have been coached to do their best in every situation placed in front of them.

As a former coach and student-athlete myself, I have a first-hand appreciation of the value of a strong athletic program. A successful athletic program can serve as a gateway to learning life lessons. It also serves as a gathering place where we can watch and appreciate the hard work and dedication it takes to show sportsmanship and character as well as preparing these young men for life.

As a member of the Piedra Vista athletic family, our expectations are to represent our school in a positive manner and support our young men. We encourage our athletes to compete with class on and off the athletic field. Take pride in rooting for the Panthers today and the opportunity to represent all of us in a first class manner. Cheer with class and encourage our young men with their efforts to "Pursue Victory with Honor".

GO PANTHERS!! LIVE BLUE!!

## WELCOME TO PANTHER FOOTBALL!

On behalf of our coaching staff, players and support staff, it is indeed an honor for you to join us for another exciting season of Piedra Vista Panther Football. I hope this year is full of exciting and positive moments that will keep you on the edge of your seat and anxiously awaiting the next football game. Our Panther football players believe in our system. They believe in each other, their coaches, trainer and their classroom teachers. With this in mind, we know that our program will continue to move forward. We expect our players to not only believe in the system, but to believe in themselves as well. Hard work is expected and demanded on a daily basis, not only on/off the field, but in the classroom and community as well. Excellence in all areas of life are continually stressed and supported in our program as our players have been the kind of people who appreciate this community's support and expectations. The expectations of our program are high as we journey into 6A and that's what makes my job both challenging and enjoyable. The challenge to press on and improve our program on a daily basis continues to be an enjoyable part of my life. To fans and supporters of our program I thank you from the bottom of my heart. The support and encouragement from the district and everyone associated with our program has been demonstrated in the pride, craftsmanship, and equipment that are all a part of the new 5000 sq ft weightroom at Piedra Vista. Our new weight room facilities are second to none in the state and will, no doubt, assist all our athletes in achieving their highest potential. Farmington has been a huge part of my life. My wife Dawn and I married and built our family and life here. We are proud to call Farmington our home. I believe great people, great players, a great school, and a great community are what makes my job very special. Again, welcome to Panther football, and may this be a football season to remember!

## LETTER FROM COACH HOWELL

In this modern day of instant gratification, many young men struggle with the idea of having to dedicate a year or two of their athletic careers in order to become a “starter”. High school football is the first time many players are subjected to intense competition for playing time and it is vital that they approach this competition with the correct attitude and plan. The life lessons of dedication, patience and teamwork and “stick-to-it-ness” are invaluable to our young men. Please encourage them to stick with it and see the big picture, the picture of something much bigger than themselves, a picture of being an important part of a team. Rarely in life is something worth having simply handed to you without work and dedication. There have been countless Panther players who worked hard and waited their time only to become starters later in their career and have the opportunity to be part of something great. Ask any of them and they will let you know all the hard work and early mornings were worth it. I truly believe working hard for a common cause and “sticking with it,” teaches our players lessons they will need later on in their adult lives.

Please be there for our young men and coaches this season. Constantly build them up and encourage them, not only in football and workouts, but encourage them to be men of character and leadership and always take the high road and expect their teammates to do the same. As the Head coach of this great football program please feel free to contact me or any member of our staff if you feel we can help you as parents, lead or encourage your kids. Remember, we are all in this together; we can help mold great young men on and off the field of play.

# THE RACE

The great runner Roger Bannister once said, "The man who can drive himself further once effort gets painful is the man who will win." While this a very simple statement, it really is very meaningful in our great sport of football.

Teams constantly have their sense of determination tested. Some teams will wilt at the first sign of trouble, while others continue to stay the course and do whatever is necessary to overcome the challenges they encounter. Determined people who have committed to the team find the will power to not be discouraged and not require reinforcement. They have the initiative to start their own motor and arrive at work (practice) with the right attitude.

Personal commitment is a gift each player gives to the rest of the team. If nothing else, commitment allows leadership to identify the uncommitted members of the team. If the inner circle of the team is committed to the values that will enhance the ability of the team to achieve success, it will impact the other members of the team in a positive way. On a team with great work habits, no one rests on their potential or on the work habits of others. Potential is a foreign word for "haven't done anything yet." Each player takes responsibility for themselves and feels the energy that comes from the successes and the sting from failures. On great teams, everyone pays the price for success together.
